Dear Jealousy

MIKA

Jealousy, bring the music back to meDear jealousy
You know every part of me
Hiding where no one can see
I want you to leave
Dear jealousy
Why you smiling creepily?
Your fingertips keep holding on
But your tricks won't work on meOh baby, I'm jealous, I'm jealous, I'm jealous of us
I'm jealous of everything that I know we could be, but never really seems enough
I'm jealous, I'm jealous of everyone
Jealous of the man I used to be, and the man I could become
I'm jealous of your face, of your lips, of your eyes
Jealous of your house and the car you drive
Jealous of your truth and I'm jealous of lies
I'm jealous (Dear jealousy)
Jealous of the ground beneath my feet
Jealous of your mouth and the air we breathe
Jealous of the way that you look at me
I'm jealousIt's coming out to get us, get us
You better run away while it let us
'Cause like it or not
Everyday we get a little better at jealousy
We got one thing in common, amen
Only problem is that it's wrong
And every single person, even you, even me
Is jealousy
Dear jealousy
When did you move in with me?
This bed wasn't made for three
It's time for you to leaveOh baby, I'm jealous, I'm jealous, I'm jealous of us
I'm jealous of everything that I know we could be, but never really seems enough
I'm jealous, I'm jealous of everyone
Jealous of the man I used to be, and the man I could becomeI'm jealous of your face, of your lips, of your eyes
Jealous of your house and the car you drive
Jealous of your truth and I'm jealous of lies
I'm jealous (Dear jealousy)
Jealous of the ground beneath my feet
Jealous of your mouth and the air we breathe
Jealous of the way that you look at me

I'm jealousIt's coming out to get us, get us
You better run away while it let us
'Cause like it or not
Everyday we get a little better at jealousy
We got one thing in common, amen
Only problem is it's wrong
And every single person, even you, even me
Is jealousyJealousy
Bring the music back to me
I can't even write a song
If you're standing over me (Dear jealousy)
Jealousy
I'll take the good time with the rough
I don't need to be the richest guy
No, enough is enough (Dear jealousy)
Jealousy
Stop confusing me
I am sick of seeing everything
Deep in shades of green (Dear jealousy)
Jealousy
It took a while for me to see
I thought I was the one who's jealous
But you're jealous of me
(Dear jealousy)It's coming out to get us, get us
You better run away while it let us
'Cause like it or not
Everyday we get a little better at jealousy
We got one thing in common, amen
Only problem is it's wrong
And every single person, even you, even me
Is jealousyIt's coming out to get us, get us
We better run away while it let us
'Cause like it or not
Everyday we get a little better at jealousy
