Find My Place

Pinhead Gunpowder

Gotta find my place in this world
Gotta find my place in this world
I want to be more than just a face in the crowd
I want to be proud of my time in this world
Feel like someone's taken my place in this world
I feel out of place every place
Too much time on my hands
And no one understands my demands
For changing this world
I've got so much faith in this world
I've got so much riding on this on this
I keep working so hard and it just breaks my heart
When it all seems to fall apart
At the seams
Gotta find my place in your heart
Gotta find my place in your mind
Gotta find the time to find the time
To find the life I left behind trying to find
My place in this world
Find my place in this world
Find my place in this world
