My Confession

Nick Carter

I'm just trying to figure out
What's wrong with your head
Everytime I look around
You're somewhere else instead
I wanna ask you why
But everytime I try, you cry
And I want you to know, when you're floating in space
And I want you to know, if you ever come back down
And I need you to know
I wanna breathe you, I wanna feel you near
This is my confession
I wanna see what you see when you cry those tears.
Give me just a second what am I to do?
Maybe it's obsession but this is my confession
I confess, everytime I come around
Something's always got you down
And I don't understand why
And if you wanna tell me
I'll be the angel on your shoulder baby
I'll be the man that you confide in
But I, can't seem to get you out that place
And everything you do is just
Uh erasing the pain
Hatred inside, I can't ask why
And I want you to know when your floating in space

And I want you to know, if you ever come back down
And I need you to know
I wanna breathe you, I wanna feel you near
This is my confession
I wanna see what you see when you cry those tears
This is my confession
I wanna breathe you, I wanna feel you near
Give me just a second, what am I to do?
Maybe it's obsession but this is my confession
And I want you to know, when you're floating in space
And I want you to know, if you ever come back down
If you ever come back down
I wanna breathe you, I wanna feel you near

This is my confession
I wanna see what you see when you cry those tears
This is my confession
This is my confession
I wanna breathe you, I wanna feel you near
This is my confession
I wanna see what you see when you cry those tears
This is my confession
This is my confession
