If you believe the western sun
Is falling down on everyone
If you break it free and the mornings come
If you would know your time has comeIf you believe the western sun
Is falling down on everyone
And you feel it burn, don't try to run
And you feel it burn, your time has comeAnd I feel itYou feel another energy
And I feel a power growing
You feel another energy
And I feel a power growYou feel another energy
And I feel a power growIf you believe the western sun
Is falling down on everyone
If you break it free and the mornings come
If you would know your time has comeIf you believe the western sun
Is falling down on everyone
And you feel it burn, don't try to run
And you feel it burn, your time has comeAnd I feel itYou feel another energy
And I feel a power growing
You feel another energy
And I feel a power growYou feel another energy
And I feel a power growAum Namah Narayana, Aum Namah Narayana
Aum Namah Narayana, Aum Namah Narayana
Aum Namah Narayana, Aum Namah Narayana
Aum Namah Narayana, Aum Namah NarayanaAum Namah Narayana, Aum Namah Narayana
Aum Namah Narayana, Aum Namah Narayana
Aum Namah Narayana, Aum Namah NarayanaAnd I feel it, and I feel it, and I feel it
You feel another energyYou feel another energy
And I feel a power growing
You feel another energy
And I feel a power grow
