Inc.

the price to be by his side
i know I have to try
to be my best because
that is all he ever wantsi know theres something more
when i feel it my tears fall
that is when im at my best
nothing more nothinglessyou seem like you already know
seem like you already know
i feel like youve been here before
i feel like youve been here beforetime only makes it strong
in the seconds in the song
thats why it hurts when somethings wrong
hope i never wait too longnever right, never wrong
hope i never wait too longyou already know
you already know
i feel like weve been here before
i feel like weve been here beforethe place that we already know
the place that we already know
i feel like weve been here before
i feel like weve been here before
