Easy Way Out

Roy Orbison

Darlin' all you do is decieve.
Always a heartache up your sleeve
What good does it do to be hidin' the truth
(Hidin' Hidin')
The only one you really fool is you.[Chorus]
Baby I'm teaking the easy way out
And I know that you know what I'm talking about
All these games that you play I can live without
I'm takin' the easy way outYour misbehavin' is tto much to bear
You got me thinking that you just don't care
All of your lyin's so hard to believe
(Lyin' Lyin')
Why do you do these things to me.[Chorus]Startin' Tonight it's gonna be much better
It's gonna feel good to get you off my mind[Chorus]
