Life Goes On

Ostenatos

Let's go!
[Oh Land - Chorus]Oh when the day is gone
Oh when the nights are long
Life goes on
Life goes on
We gotta live it up til it's gone
Cuz we won't be around too long
Life goes on
Life goes on
[Travie McCoy]Lately it seems the good dreams are few and far between
Nightmares are putting fires out with gasoline
And I'm just tryna stay rightous
Sometimes I see my own face in Christ's likeness
And apart from my life's vices, fifteen years young had my first mid-life crisis
But it's tough to stay up right empire from people you hold high speeding up the most buyers
My daddy told me misery loves company
If that's the case they must hating they ain't getting none from me
I don't sweat it, they set better in my DNA
I got a good heart, and bad braids be a man
[Chorus]Oh when the day is gone
Oh when the nights are long
Life goes on
Life goes on
We gotta live it up til it's gone
Cuz we won't be around too long
Life goes on
Life goes on
[Travie McCoy]Up late, Facebook, and playing "Could've Been"

Starin at an empty bed my ex girl should've been in
Thinking what I woulda done different
Not a damn thing cuz finally i'm done with it
Besides I got a girl that adores me
And I never take for granted all things she does for me
I shoot the moon down and put it on a wedding band
Then they see the songs of mine too, cause she's an Otis Redding fan
And she'll never forget it man,
Cuz she knows she'll never find a better man
Let's go ahead with these wedding plans

Come on, let's sing a song life goes on
[Chorus]Oh when the day is gone
Oh when the nights are long
Life goes on
Life goes on
We gotta live it up til it's gone
Cuz we won't be around too long
Life goes on
Life goes on
[Bridge]You take too much for granted
I just can't understand it
We don't ask, we demand it
He been trying not to panic
[Chorus]Oh when the day is gone
Oh when the nights are long
Life goes on
Life goes on
We gotta live it up til it's gone
Cuz we won't be around too long
Life goes on
Life goes on
