Wild Wild Love

Party Pride

[Hook: GRL]
Oh this wild wild love of ours
It can't be tamed, no
All this wild wild love of ours
It can't be tamed, no
For better or worse
A blessing or a curse
Long live this wild wild love of ours
Long live this wild wild love[Verse 1: Pitbull]
Ladies and gentleman
You're looking at the new play boy
Who you?
That's right, Armando Christian Perez
And when it comes to that pretty lil' bitty kitty
Don't stop get it get it baby let me pet it
I got that wild love
Love to get wild dirty freaky nasty, yeah I said it
I'll make you lose your heart and your mind at the same time
Don't believe me, bet it
I'm obsessed with that wild love for sure
Even though it's a catch 22
It's a gift and curse for sure
But baby you know that you love it too, that's why
You need it, you want it (hey)
All over your body
This loving I'm giving
It's worth more than money
You need it, you want it
All over your body (hey)
I know that you want this
Wild, wild, love[Hook: GRL]
All this wild wild love of ours
It can't be tamed, no
All this wild wild love of ours
It can't be tamed, no
For better or worse
A blessing or a curse
Long live this wild wild love of ours
For better or worse

A blessing or a curse
Long live this wild wild love of ours[Verse 2: Pitbull]
Not only am I a client I'm the player president
The globe is my backyard, baby it's evident
When it comes to Miami, I always represent
Read all about, ladies and gents
I'm the done took over the game
I like my women yin
I like my women yang
I like my women fine
I like them off the chain
Take 'em all to the world cup, Brazil to-do-bang
You know I meet 'em, greet 'em, read 'em
Treat 'em, always keep them feeling right
I don't know if I can handle all five
But maybe we can try tonight, daleYou need it, you want it
All over your body (hey)
This loving I'm giving
It's worth more money
You need it, you want it
All over your body (hey)
I know that you want this
Wild, wild, love[Hook: GRL]
This wild wild love of ours
It can't be tamed, no
This wild wild love of ours
It can't be tamed, no
For better or worse
A blessing or a curse
Long live this wild wild loveThis wild wild love of ours
It can't be tamed, no
Oh this wild wild love of ours
It can't be tamed, no
Oh for better or worse
A blessing or a curse
Long live this wild wild love of ours[Outro: Pitbull]
