Heavenâ€™s Pearls

Ollabelle

Life's a strain, painful thing
To be overcome
We mark the nights by our triumphs
Suffers everyoneBut hold them near
Keep them dear
Don't be ashamedTriumphs of the world
On heaven's pearls
On heaven's pearlsBegan the scars, tangled bars
Catch under the skin
Friction burns as they turn
Working deeper inAnd day by day
Sharp edges fade
Smooth, furnished and fineTriumphs of the world
On heaven's pearls
Triumphs of the world
On heaven's pearls
On heaven's pearlsTriumphs of the world
On heaven's pearls
Triumphs of the world
On heaven's pearlsThe triumphs of the world
On heaven's pearls
