Great Big Love

Rascal Flatts

Red light, late again,
That joker cut me off at Windmill at end.
Cell phone out of range,
Can you hear me now, Im going the same.
Well whos that honkin at me?
Yeah, thats the last thing I need.
Yeah its alright.
Its just another thing called life.
Any way it goes Im coming home to you tonight.
Dont sweat the small stuff,
Life is hard enough,
I thank the Lord above,
Weve got a great big love.
Great big love.
Check it out,
Got breaking news,
All that matters is that I got you.
The little things, we think theyre somethin,
But when you wad em up they add up to nothin.
Well come on road, is that all you got?
That aint a lot if thats your best shot.
Hey, its alright.
Its just another thing called life.
Any way it goes Im coming home to you tonight.
Dont sweat the small stuff,
Life is hard enough,
I thank the Lord above,
Weve got a great big love.
Its alright, its just another thing called life.
Yeah, its alright,
Its just another thing called life.
But any way it goes Im coming home to you tonight.
Dont sweat the small stuff,
Life is hard enough,
I thank the Lord above,
Weve got a great big,
Dont get so uptight,
Youve gotta let it slide.
Well life is hard enough.

Weve got a great big love, yeah.
Life is hard enough.
Dont sweat the small stuff,
Oh, life is hard enough.
I thank the Lord above.
Weve a great big love.
