Deep Love

Drehwerk

Now I can trust you now
As I feel at ease
How lost in you should I be
Now I can see you clear
As the day begins
How lost in this should we beShare and say you'll bring
To me deep love
You can't say that it's too soon to say how you feel
Share and say you'll bring
To me deep love
Just don't say that it's too soon to say how you feelNow as I touch you here
As the day begins
How lost in this should I beShare and say you'll bring
To me deep love
You can't say that it's too soon to say how you feel
Share and say you'll bring
To me deep love
Just don't say that it's too soon to say how you feelShare and say you'll bring
To me deep love
You can't say that it's too soon to say how you feel
Share and say you'll bring
To me deep love
Just don't say that it's too soon to say how you feel
