The Most Beautiful Girl

Prince

When you told me one of those impersonal tales
I really fell for you, it really never fails
But what you gave me when you gave me nothing at all
Was just a broken heart, you broke it in the fallWhen you told me one of those impersonal tales
I really fell for you, it really never fails
But what you gave me when you gave me nothing at all
Was just a broken heart, you broke it in the fall'Cause when you told me you loved me
I still thought you were the most beautiful girl
So if you told me, come hold me
I might just say okay'Cause when you told me you loved me
I still thought you were the most beautiful girl
So if you told me, come hold me
I might just say okay'Cause when you told me you loved me
I still thought you were the most beautiful girl
And if you told me, come hold me
I might just say okay'Cause when you told me you loved me
I still thought you were the most beautiful girl
And if you told me, come hold me
I might just say okay
