Should Neva

Natasha Thomas

Neva shoulda let you tell me
That you were never gonna leave, no never
That you were gonna be the only
The only one for me forever
You said you wanted me but baby
I saw you on the side with another
I love you but you, you can't expect
Me to forget
I can't keep forgiving you
For all you do, for leavin' me
All the times I waited up for you
Almost every night
Your never noticed me
I shoulda known much betterI shoulda never let you be my man, baby
I shoulda never let you hold my hand
Now I know that
I shoulda never givin you a chance, baby
I shoulda never let you
I shoulda never let you
I shoulda never let you
You never gave a damnSaid you'd never let me be lonely
But I waited all alone
Where the hell were you
Told me so many things
I thought that we
We were gonna be so spectacular
Never shoulda let you step to me
I should have known better than to be with you
It doesn't matter the least that you apologized
I can't keep fogivin' you for all you do
For leavin' me
All the times I waited up for you
Almost every night
You never noticed me
I shoulda known much betterDid you ever think about me
Everything you expected me to be
Everthing you did to me
No you never gave a damn
Always runnin' round with some nasty thing

Fake hair pair a tight ass jeans
Did you ever think of me
No you never gave a damn
Now what did you think I was gonna be ok
When your always playin' me
Come on get serious
No you never gave a damn
Boy you didn't have to be this way with me
Stop tellin me you're the one for me
You never, you never gave a damn
