It's Yours

Raoul Zerna

All I'm gonna do is please you
Come into this room and let me show you
How I feel, love is real
Know what I, can never get enough
Cause I, never, been here before
The more I get, the more I want
Touch me baby, I just love
To do it, do it, do it to you
Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
And I can't never get enough
Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
And I can't never get enough of you
You, you, can't get enough, can't get enough
You, you, can't get enough, can't get enough
You, you, ooh
You, you
These other girls can't see you
If you only knew how much I need you
Every day, every day
In every way, every way
You got me baby, so addicted to you
Cause I ain't never, been here before
The more I get, the more I want
Touch me baby, I just love
To do it, do it, do it to you
Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
And I can't never get enough

Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
And I can't get enough of you girl
You, you, can't get enough, can't get enough of you
You, you, I can't get enough of you
You, you, ooh baby
You, you, I can't get enough of you
I just want to touch you touch you
Hold your body till you till you say
Yea yeah, yea yeah
I just want to touch you touch you
Hold your body till you till you say
Yea yeah, yea yeah
Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
Ooo
Grab my body baby
Hold my heart, don't break it
It is yours, it is yours
It is yours, it is yours
It is yours, it is yours
Cause I can't never get enough of you
You, you, can't get enough, can't get enough
You, you, I can't get enough
You, you, yea yeah
You, you, can't get enough
Can't get enough of you
