Get a Life

Julian Lennon

No money no pride
Stick your finger in your eye
Its all a joke, its just a ride
Save it for another guyKick yourself in the head
Pretty soon you will be dead
Get yourself another job
Dont become another slobOh, oh, oh, oh, oh
Why dont you get a life?Nothing is a guarantee
Dont hide your face, dont beg and plead
Being sorry for yourself
Put another record onYoure the answer, youre the cause
Youre just another perfect flaw
Im just as scared as you, you know
But trying all the sameOh, oh, oh, oh, oh
Why dont you get a life?
Oh, oh, oh, oh, ohCheap talk wont get you far
Slandering in whiskey bars
Face the facts, the truths inside
If you want peace, dont try and hideYou dont have to worry
Cause everythings alright
You dont have to worry
Weve made it through the fightYou dont have to hurry
Cause harmonys in sight
You dont have to worry
Just trying to feel alright
HeyIn the end were all afflicted
In the end were all addicted
In the end were junkies too
Unless you have a point of viewSwallow pride, it swallows you
Take that stride, Ill guide you through
Whos gonna help us in the end
Not your brother, not your friendOh, oh, oh, oh, oh
Why dont you get a life
Oh, oh, oh, oh, ohFear is just a crying shame
Work it out or go insane
Think about the world instead
Cause if you dont well all be deadYou dont have to worry
Cause everythings alright
You dont have to worry

Weve made it through the fightYou dont have to worry
Cause harmonys in sight
You dont have to worry
Im trying to shake the plightWell Ive been dreaming of a change that would take place
Where all of Gods creatures would love the human raceHey, oh, oh, oh
Why dont you get a life?
Oh, oh, oh, ohBeing wealthy isnt bad
Despising it is whats so sad
Make a move, youve got a choice
Do something useful with your voiceYou dont have to worry
'Cause everythings alright
You dont have to worry
Weve made it through the fightYou dont have to hurry
'Cause harmonys in sight
You dont have to worry
Just trying to feel alright
