Dear Mom & Dad

Us The Duo

Show me the way to go, and I will follow you x3
Show me the way to go, and I will follow
You've proven nothing but the best for me and I thank you
I'll spend my whole life trying to repay the favor
You've given everything to me that I will need to know
And now you still don't wanna stop
Gonna get you back one day and show you what you did for me
And you won't ever see it comin
I never got what you were doing for me at the time, but now I see it, now I get it
I'll pass it on agan, and you will never die x2
Your world will be inside, a pair of little eyes
Your love will never ever stop
You've proven nothing but the best for me and I thank you
I'll spend my whole life trying to repay the favor
You've given everything to me that I will need to know
And now you still don't wanna stop
Gonna get you back one day and show you what you did for me
No you won't ever see it comin
I never got what you were doing for me at the time, but now I see it, now I get it
Gonna get you back one day and show you what you did for me
No you won't ever see it comin
I never got what you were doing for me at the time, but now I see it, now I get it
Gonna get you back one day and show you what you did for me
No you won't ever see it comin
I never got what you were doing for me at the time, but now I see it, now I get it
But now I see it, now I get it
But now I see it, now I get it
