Ghost Walk

Ghost Walk-by Anya Marina

Ghost walk through the hallway
Go ahead and die
I'll live off silence and dark
I'll grow a superhuman heart

I don't need anything
I don't need anyone
I don't need

I don't need anything
I don't need anyone
I don't need

I'll take your silence and I'll feed it to the dogs
And after that I'll grow so full
With love and tenderness for no one
Ever
Ever
Ever
Ever

(chorus)
I don't need anything
I don't need anyone
I don't need anything
I don't need

I don't need anything (Ever)
I don't need anyone (Ever)
I don't need anything (Ever)
I don't need (Ever)

(bridge 4x)
You need me and you-
Is it true? Is it true?

(Chorus)
I don't need anything
I don't need anyone
I don't need anything
I don't need
I don't need anything (Ever)
I don't need anyone (Ever)
I don't need anything (Ever)
I don't need (Ever)

Ghost walk through the hallway
Go ahead and die
I'll live off silence and dark
I'll grow a superhuman heart
