Hostility

Gazzara

(Jett-Sparks-Laguna)
I sense a bad vibe, it's comin' from all sides
Hard to keep my head clear this trip's a sad ride
Too much distraction, a negative reaction
Ain't gonna stay here, I don't need this action
I try to understand what's goin' on, what's goin' on
It's all around me, am I the only one?
Hostility - all this crap is killin' me
What's with this hostility - all this crap is killin' me

Everybody's lyin', attitudes ar flying'
But I'm not even tryin' I'm workin' at survivin'
I try to understand what's goin' on, what's goin' on
It's all around me, am I the only one?
Hostility - all this crap is killin' me
What's with this hostility - all this crap is killin' me
I sense a bad vibe, it's comin' from all sides
Hard to keep my head clear this trip's a sad ride
Hostility - all this crap is killin' me
What's with this hostility - all this crap is killin' me
