Psychological

Malik B.

PsychologicalYou've got a problem
With the reason why
An asymmetric haircut
And a painted eyeIt's psychological
PsychologicalIs it a cry for help
Or call to arms?
Frustration
False alarmsIt's psychological
Psychological
All in the mindThere's something in the attic
And it smells so bad
An undertaker
In a bowler hat
PsychologicalWhat's that spilt
On the kitchen floor?
Who's that knocking
On the cellar door?It's psychological
PsychologicalOr is it only your imagination?
Driving me crazy, crazy
Baby, baby, pleaseIt's psychological
All in the mindI thought I heard a baby cry
I thought I heard a train
Down in the cemetery
CellophaneIt's second nature to you
Psychological
All in the mindPsychological
Psychological
All in the mindPsychological
Psychological
Psychological
All in the mind
