Mortal Sweet Mortal

Scarlet Fade

Verse:
Make it a lie and I will get by
Hanging on strings that dont exist
Im caring too much thinking to little
Get by with a touch get caught in the middleChorus:
Its what happens
When my heart wins
And everything seems so perfect
And I want it
But Im falling
And I do not want to die
Instead I want to fall into
Fall into your armsVerse:
Create a home in mortals I know
They are harboring lies but its how I get by
If you cant deliver the love that I need
Ill find another lover to consume meBridge:
Its all wrong and I know it
I should blow up start over
It breaks down my senses
I do not want this
