You Don't Have to Be Old to Be Wise (live)

Judas Priest

I've had enough of being programmed

And told what I ought to do

Let's get one thing straight

I'll choose my fate

And it's got nothing to do with youThe years are flying by and it's time I got high

Took a sample of the good things in life

This is a chance

I'm gonna take

Gonna kick out trouble and strifeI grow sick and tired of the same old lies

Might look a little young

So what's wrong

You don't have to be old to be wiseNo I don't care that the people stare

Accuse me of going mad

Just get a long hard look into the mirror

Then, tell me now who's been had The way things are going I won't get to show 'em

Go single all the time's up to me

So it's off with the ties

No compromise

want to taste what it's like to be freeI grow sick and tired of the same old lies

Might look a little young

So what's wrong

You don't have to be old to be wiseI grow sick and tired of the same old lies

Might look a little young

So what's wrong

You don't have to be old to be wiseAlright, I'm gonna gather my things

Go through the door

Live and let live from now on

At last a free hand, no longer pre-planned

I got a will of my ownI go as I please

Fend for myself

Pull all the stops, throw the dice

Out on my own, gonna go it alone

When I need it

Then I'll ask for adviceYou don't have to be old to be wise

You don't have to be old to be wise

You don't have to be old to be wise

You don't have to be old to be wise

You don't have to be old to be wise

You don't have to be old to be wise

You don't have to be old to be wise
