The Telescope Man Says

Anja Garbarek

Aaah - aaahIt was a clear blue night
Na na na na
Na na na na na na
We heard a voiceLook up at the sky
And please count the stars for meOne
OneOne, ooh so lonely star
Na na na na
Na na na na na na
Clinging to the voidThe sky would soon
Have only the moon to shineMake a wish
Make a wish
Make a wish
Make a wishClose your eyes
Close your eyesEverytime a wish comes true
Na na na na
Na na na na na na
A star falls from the skyYou've made
You've made too many wishes
Too many wishesOnly one wish
Star ligt star bright
A wish we may
We wish we might
Have this last wish tonight
We wish for all the stars to shine
To reappear in the sky
Called upon once more by you
So that our children may have wishes too
