Wordplay

Malou

Soooo, you know, people be like
"What can you put the fuckin' tape out Wale, you're lazy" and this that that
I been to 70 cities in like 5 days man so like we we can traveled we went everywhere went to Istanbul
Fuckin, you know what I'm sayin? So it took a long time to put the tape out
But uh you know you know 9th was calling me and shit like you know you know
"Wale you got a hurry up with this fuckin tape man, the freshman class nigga
Everybodys puttin shit out, you ain't puttin shit out" I'm like dog
Ya know I'm in Turkey tryna ya know tryna preserve Hip-Hop
Wale, Spitta, 9th Wonder, Class is in session
All them niggas pitch verbs, so they say
My weaponry is words, Doe-Ray-Me
The wars in the form of po-et-ry
So it's straight C4 from the thoughts I bring, Bang
Epiphany, them niggas is gimmicks to me
I can't eradicate a village if you hear me and be
Huh, I'm that bomb when that hand right
Play me for a stepping stone then, I land mine
Now walk to it with your land mind
I can make the clouds jealous nigga I am that fly

Listen to the words I'm a wizard with it, wittier than any nigga,
sicker then a Wino kidney liver
Ya'll riddles don't tickle a bit, ya'll similes is literal shit
No I'm the metaphor of that, my rhetoric inedible
This extriment means excellent rap
, I make a lesser adapt
Wooooooooorrrrrrrddddddddddd Play
Park my plane right there, Leave the key's with that bitch, Jets
Spitta flip syllables for residuals
Majors misbehavin I'm a have to take it digital
Livin underground like a godfather buried alive
I ride by bumpin Shine I do just that
Nigga ain't nothin sweet like a kool-aid pack
Bitches roll sweets as I lay back in the sweet
Developin cavities cause revenge is sweet
Everytime I rap I unwrap another piece
An eighth of grape ape hella joints to the head got my eyes all varsity red
Sunroof flow so over your head, SB horror pack monsters under my bed
Wooooooooorrrrrrrddddddddddd Play

Wooooooooorrrrrrrddddddddddd Play
