What The Hell Is Contempt

Reggie and the Full Effect

So far, so good, ohh, well, so, you're in love what the hell?
Someday I can retry this gut rhetoric outtake
Why must I feel disgrace? Please wipe that smile off your face
Forget you, all you do, I know that you'll forgive meYour piece of me is fading, part of me is done
Saw you from far away and lost you in the sun
So far, so longThis is a point of view, it's doing nothing for you
I don't care if you stare, it's not that complimentary
I'm where I need to be, is that hard for you to see?
What once was better for you, is better for meYour piece of me is fading, part of me is done
Saw you from far away and lost you in the sun
So far, so long, so long, too longYour piece of me is fading, part of me is done
Saw you far away, lost you in the sun
Piece of me is fading, part of me is done
Saw you far away, lost you in the sunSo far, so long, so long, too long
So far, so long, so long, too long
So far, so long, so long, too long
So far, so long, so long, too long
