My Everything

í—¨ë¦¬

I need to know, I need to feel
I need to find someone real
I've had enough broken dreams
Now my heart needs to heal
I wanna laugh, I wanna smile
And fall head over heels, oh
I'm tired of waiting, tired of changing
Tired of living a lie
All the chances, lost romances
Time after time
I have a question, need an answer
Can you give me a sign?
Something to turn my life around
Love, I wanna fall in love
I need to find the one
Who can be my everything
Time, I wanna pass the time
I wanna make you mine
You can be my everything, my everything
You could be what I need
To bring me back to life
I've been down, I've been out
Been so dead inside
What if you're that someone
I can be with forever?
You'll be the one to turn me around
Love, I wanna fall in love
I need to find the one
Who can be my everything
Time, I wanna pass the time
I wanna make you mine
You can be my everything, my everything
My everything is all you'll need
When everything is you and me
It isn't too hard to see
Love, I wanna fall in love
I need to find the one
Who can be my everything
Time, I wanna pass the time

I wanna make you mine
You can be my everything, my everything
