Bigg Snoop Dogg, he a boss like that ****, yeah
Bendin' the curb swervin', blowin' on some hiz-erb
The boss has returned, I'm still flyer than a biz-ird
Ridin' and rollin' with them Steelers like I'm Pittsburgh
Go against the gang, the man will have your whole click served
Nice with the mic thang, the **** love my pipe game
Put it in the hole all night, I got nice aim
Snoop Dogg ****, how many times I got to show ya?
You don't wanna see this loc'ster Calvin Broadus from the shoulders
So just get your rap on, that I never slacked on
****, you got your strap out, here we get our jack on
**** to snack on, you and your whole crew
I'll pull out my nine, now do what you **** do
Di-Di-Dogg Pound, I came to break it down
God bless my pimp bone, gettin' my ego trip on, fool
Ease back before I trip on you, uh, flip on you, uh
And have them hollows rip on through ya, boy
Dogg Pound is up in this ****
Riders, yeah, ey Snoop

So many, so many G's in a 'Lac
Blowin' **** in the back

Desert Eagle 4-5 totin', leave **** brain broken
Still loc'n, still potent
Still trippin', still tippin', yeah, I'm still focused
And I'm still flippin', words, do it like ki's for G's
We swerve-swerve across seas gettin' cheese with ease
I'm still tall and still ballin'
Dumb **** still callin', foes still fallin'

Still bustin' a ****, still gettin' bucks out a ****
