Ain't No Love

DJ U-Neek

I don't know what you've been told, baby
But, there's definitely something wrong with you
This shit is getting kinda old baby
Staying out all night and acting like a foolYou don't come home at night
All we do is fuss and fight
Still, hangin' with the boys
When I'm the only one employedCan't buy me diamond rings
Can't buy a damn thing
Pager beeping 911
I thought I was the only oneAin't no love, ain't no joy
Ain't no times left to enjoy
Ain't no love, even no lust
Ain't no kindness baby, ain't no trustLately, you been kinda bold, darlin'
Getting pages and calls all night through
I guess it's time for me to fold darlin'
'Cause there's nothing left to hold on toAin't no loveAin't no love, ain't no joy
Ain't no times left to enjoy
Ain't no love, even no lust
Ain't no kindness, baby, ain't no trustAin't no love, ain't no joy
Ain't no times left to enjoy
Ain't no love, ain't no lust
Ain't no kindness, ain't no trustAin't no love, ain't no joy
Ain't no times left to enjoy
Ain't no love, even no lust
Ain't no kindness, ain't no trustAin't no love, ain't no joy
Ain't no times left to enjoy
Ain't no love, even no lust
Ain't no kindness baby, ain't no trustHey, hey, yeah-e-yeah
Yeah-e-yeahThrough all the pain that you caused me
I was there, I was there
Through all the times, that you didn't see
I was there, I was thereThrough all the gambling debts you had
I was there, I was there
Now I'm gone and it's too bad
I was there, I was thereThrough all the pain that you caused me
I was there, I was there
Through all the times, that you didn't see
I was there, I was thereThrough all the gambling debts you had
I was there, I was there

Now I'm gone and it's too bad
I was there, I was thereThrough all the pain that you caused me
I was there, I was there
