Drive South

Suzy Bogguss

I didn't say, we wouldn't hurt anymore
That's how you learn, you just get burned
We don't have to feel like dirt anymore
Though love's not learned, baby it's our turnWe were always lookin' for true love
With our heads in the clouds
Just a little off course
But I left that motor runnin'
Now if you're feelin' down and outCome on baby drive South
With the one you love
Come on baby drive SouthI'm not talkin' about retreatin', no sir
Gonna take our stand in this Chevy van
Windows open on the rest of the world
Holdin' hands all the way to DixielandWe've been tryin' to turn our lives around
Since we were little kids
It's been wearin' us down
Don't turn away now darlin'
Let's fire it up and wind it outCome on baby drive South
With the one you love
Come on baby drive SouthI heard your momma callin'
I think, she was only stallin'
Don't know who she's talkin' to
Baby me an' youWe can go south with a smile on
Ain't going to pack my nylons
Just leave these legs showin'
It gets hot down where were goin'We were always lookin' for true love
With our heads in the clouds
Just a little off course
But I left that motor runnin'
Now if you're feelin' down and outCome on baby drive
Come on baby drive South
With the one you loveCome on baby drive South
With the one you love
Come on baby drive South
