

Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
You know my M.O. girl, it's Timbo  
Get dough and I stay on my grind  
You say that you ain't leavin' with me tonight  
Then why you keep givin' me the eye?  
A little convo, you'll be ready to go  
I bet that I, I could make you mine  
I'll beat on your drum, bump, bump, get you off  
I bet that I could beat it right  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Man, you know you wanna get it bald  
Tryn'a get up in my sugar walls  
T-t-take my clothes off  
Ride that pony like, "Woo-ha"  
Yeah, you know I'm a fri-di-leak, leak  
Heavy D twidity didi-di-di  
Ain't no chick be flyer than me

My lumps so big see 'em in 3D  
Hop in the the track like skir-der-de-der  
Timbaland did the beat, yidi-yet-der  
Ginuwine back like, yidi-yet-der  
Can't nobody top that thur  
Well, it takes two to make a thing go right  
Here comes baby with me all night  
You should know what a real chick likes  
Get involved, well I just might  
Girl get involved, involved  
Girl get involved, involved  
Girl get involved, involved  
Girl get involved, involved  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Get down, get down, come on, come on  
Girl, girl get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me  
Girl get it involved with me  
Get involved with me
