Tie Me Up

Doro Pesch

Black velvet, pale moonlight
What I touch is feeling hot... we heat it up
Dark shadows in motion
We melt and we never stopShow me heaven and the end of the world
Fear no danger and invite the absurd
Be my temple where I pray for more
Be my mirror where I'm free to let goTie me up and make me scream out loud
Tie me up and tie me down
Tie me up, tie me inside out
Just turn me on and come aroundIn danger, in hunger
In something like a cage... we heat it up
Warm bleeding, soft screaming
I feel some human chainShow me wicked toys and all there is
Fear no game I'm sure I will be pleased
Be my blood moving fast or slow
Take your time the end is up to youCHORUS :I love it when you scream out loud
Tie me up, tie me up and downTie me up and make me scream out loud
Tie me up and tie me down
Tie me up, tie me inside out
Just turn me on and come around
Turn me on, turn me all night long
Tie me up and move along
Tie me up
Tie me up
