You Don't Even Know

Nivea

You don't hear me even though
You say you really feel me baby
In my mind I cant stop thinking
That you don't know you got my head up in the sky
Everyday that goes by when I'm with chu
Every minute I spend with chu oh how bad it hurts
Just to think it wouldn't work
I confess I'm into you, do what chu want me to
Boy you don't know just how bad I'm wantin' you
You don't even know how I'm feelin' you
(You don't even know)
That I want cha, wanna be withcha baby
You don't even know how I'm feelin you
(You don't even know)
That I need you, gotta have you
Now I'm secretly feelin' you, I want chu to know baby
That I wanna be your lady yea
Not talkin' just anything, wanna be your everything
Come on now play with me boy, wanna bring you so much joy
Everyday that goes by when I'm with chu
Every minute I spend with chu oh how bad it hurts
Just to think it wouldn't work
I confess I'm into you, do what chu want me to
Boy you don't know just how bad I'm wantin' you
You don't even know how I'm feelin' you
(You don't even know)
That I want cha, wanna be withcha baby
You don't even know how I'm feelin' you
(You don't even know)

That I need you, gotta have you
Keep callin' chicken heads from Pasadena to Madena
In my white beama, pull you over like Trina
Yo I take 'em all sizes vita to misdeamenor
But Nivea when I seen ya, ugh you had me open like Vicks vaporub
Nick made chu love, then wakin' up, you hook your egg and bacon up
Nick got chiccs feelin' really really dumb
'Cuz they don't know 'bout you feelin' me, I'm feelin' you what
Well if u feelin' what I'm spittin' we gon kicc it tonight

Ain't no need in wastin' time boy I told chu you fly
We can roll out and we can wild out, let's get crazy
Can't see no other lady, then me callin' you baby
It's really truly devastatin' that chu wanna take my hand
I had chu on my mind thinkin' about how we would vibe
Whyla it ain't no secret, I put it out there on the line
How I'm feelin' your style, I'll go that extra mile
You don't even know how I'm feelin you
(You don't even know)
That I want cha, wanna be withcha baby
You don't even know how I'm feelin' you
(You don't even know)
That I need you, gotta have you
You don't even know how I'm feelin' you
(You don't even know)
That I want cha, wanna be withcha baby
You don't even know how I'm feelin' you
(You don't even know)
That I need you, gotta have you
