

Echo Park

Electric Sister

Walkin' with you down through Echo Park

 The ghosts fillin' the trees

 The fire never understands the spark

 The way it is with you and me

 Freedom

 Freedom

 Our love won't fade away

 Freedom

 Freedom

 Our love it won't fade away

 The children runnin' through the greenest field

 The light of love pourin' down

 And only you and I know how it feels

 When no one else is around

 Freedom

 Freedom

 Our love won't fade away

 Freedom

 Freedom

 Our love it won't fade away

 Freedom

 Freedom

 Our love won't fade away

 Freedom

 Freedom

 Our love it won't fade away

 Walkin' with you down from Echo Park

 The ghosts fillin' the trees

 The fire never understands the spark

 The way it is with you and me
