# Beautiful Land

## Nina Simone

Anthony newley, leslie bricusse
Red is the color of a lot of lollipops,
Orange is any orange on a tree.
Yellow's the color of a bag of lemon drops,
Green is a piece of seaweed in the sea.
Blue is the color of the sky in summertime
Indigo is a siamese cat's eyes.
Violet's the color of a flow'r in wintertime.
These are the colors of the rainbow skies.
There is a beautiful land
Where all your dreams come true;
It's all tied up in a rainbow,

All shiny and new;
But it's not easy to find
No matter what you do.
It's not on top of a mountain
Or beneath the deep blue sea
Or in london zoo or in timbuktoo,
Or in timbuckthree.
And if you travelled the world
From china to peru,
There's no beautiful land on the chart.
An explorer could not begin
To discover it's origin
For the beautiful land is in your heart.
