Everywhere I Go

Eilen Jewell

Twisted up mind
Tangled up sheets
Drunken down bottles
Broken down streets

Everywhere, everywhere I go
Everywhere, everywhere I go

Can't get it right
Can't set it straight
Trouble follows me
To both my gates
Waits like a dog who hangs around
Turns 3 times then settles down

Everywhere, everywhere I go
Everywhere, everywhere I go

Turn their backs
And they put me out
Build me up
Just to bring me down
Like pieces of paper in scattered shreds
Tattered thoughts and worn out beds
Torn up words and loose change
Burnt up bits of cellophane

Everywhere, everywhere I go
Everywhere, everywhere I go

Twisted up mind
Tangled up sheets
Drunken down bottles
Broken down streets

Everywhere, everywhere I go
Everywhere, everywhere I go

Everywhere, everywhere I go
