One Wish Away

Katra

Once upon a time,
A little girl,
Age of nine,
Had wings
So that she could flyShe wished upon a star
"Keep me safe and guard
my way if I go too far"Can't you see what I see?
Oh, I felt so alive
When all my dreams were just
One wish awayCan't you see what I see?
Oh, I felt so alive
When all my dreams were just
One wish awaySomewhere above
The promised Eden of love
Held her young heart unharmedBy closing her eyes
She could easily rise
And leave all the tears behindWonder why
I can no longer fly
Away from the pain
That I feel
Every nightCan't you see what I see?
Oh, I felt so alive
When all my dreams were just
One wish awayCan't you see what I see?
Oh, I felt so alive
When all my dreams were just
One wish awayFrom right to wrong
Virtue to vice
Eyes of a child
Cannot see hidden evil insideCan't you see what I see?
Oh, I felt so alive
When all my dreams were just
One wish awayCan't you see what I see?
Oh, I felt so alive
When all my dreams were just
One wish away
