# How Lucky We Are

## Meiko

One day we'll get out of this shitty apartment
One day is all it takes for things to turn around
Now all I know is I got you and you got me, babe

And when that morning comes
I'll make coffee and you'll read the paper
We'll talk about our plans
And I'll keep saying how lucky we are

One day we'll get in the car and drive anywhere we wanna go
And then we'll stay in a five star mini-bar luxury hotel room
Cause all I know is I got you and you got me, babe

And when that morning comes
I'll make coffee and you'll read the paper
We'll talk about our plans
And I'll keep saying how lucky we are

How lucky we are, oh oh oh
How lucky we are, oh oh oh
How lucky we are, oh oh oh
How lucky we are, oh oh

One day we'll turn on the TV
And we won't see nothing 'bout war.
And when that morning comes
I'll make coffee and you'll read the paper
We'll talk about our plans
And I'll keep saying how lucky we are

How lucky, how lucky we are, oh
How lucky, how lucky, how lucky we are, oh
How lucky, how lucky, how lucky we are, oh
How lucky, how lucky, how lucky we are.
