

# How Lucky We Are

Meiko

One day we'll get out of this shitty apartment  
One day is all it takes for things to turn around  
Now all I know is I got you and you got me, babe

And when that morning comes  
I'll make coffee and you'll read the paper  
We'll talk about our plans  
And I'll keep saying how lucky we are

One day we'll get in the car and drive anywhere we wanna go  
And then we'll stay in a five star mini-bar luxury hotel room  
Cause all I know is I got you and you got me, babe

And when that morning comes  
I'll make coffee and you'll read the paper  
We'll talk about our plans  
And I'll keep saying how lucky we are

How lucky we are, oh oh oh  
How lucky we are, oh oh oh  
How lucky we are, oh oh oh  
How lucky we are, oh oh

One day we'll turn on the TV  
And we won't see nothing 'bout war.  
And when that morning comes  
I'll make coffee and you'll read the paper  
We'll talk about our plans  
And I'll keep saying how lucky we are

How lucky, how lucky we are, oh  
How lucky, how lucky, how lucky we are, oh  
How lucky, how lucky, how lucky we are, oh  
How lucky, how lucky, how lucky we are.
