Fat

Mat's Mattara vs. Peruz

I hope you got fat
I hope you got really fat
'Cause if you got really, really fat
You just might want to see me come back
I hope you got fatI don't care, I don't care
Ah how heavy, ah, how skinny
I don't care, I don't care
No, how heavy, how skinny
Just gimme, ah, gimme
Some, some, something to loveA little extra weight would never look
No nicer on nobody else but you
And I could always use
A little bit more to hold on to
And if I get a fright in the middle of the night
I'll cling to youI hope you got fat
I hope you got really fat
'Cause if you got truly fat, fat, fat
You just might want to see me come back
I hope that you got fat
