Myself

NAV

[Hook]
Driving solo I'm just swerving through my ends
When I'm sober I just don't like who I am
Pour me up a 4 and I'll feel like myself again
Roll me up some dope and I'll feel like myself again
I'mma break every box they try to put me in
I got a lot of enemies who used to be my friends
Pour me up a 4 and I'll feel like myself again
Roll me up some dope and I'll feel like myself again[Verse 1]
I was sober for an hour but I'm rolling off a bean now
The drugs they give me confidence I'm saying what I mean now
The xannies help me slow up, the lean it help me speed down
Balling, yeah I'm balling, I won't hit it if she beat now
Calling, yeah she calling, your bitch got me on the speed dial
Driving through the Rex I look at faces don't see no smiles
It's grimy in the 6ix, who can I trust? I'll never know now
Sprite is extra dark now, my doggie in the dog pound
They say I'm on the come up, but I've been on the come down
See me doing good, they start to hate, that's how it goes now
I don't know why they mad at me, I always stay ten toes down
Driving through my city by myself, that's how I roll now[Hook]
Driving solo I'm just swerving through my ends
When I'm sober I just don't like who I am
Pour me up a 4 and I'll feel like myself again
Roll me up some dope and I'll feel like myself again
I'mma break every box they try to put me in
I got a lot of enemies who used to be my friends
Pour me up a 4 and I'll feel like myself again
Roll me up some dope and I'll feel like myself again[Verse 2]
I remember being a kid my teachers told me I wouldn't be shit
Diamonds in my pinky, look like water, make me seasick
Never had no help so don't approach me on some free shit
Did this by myself so why the fuck would I do a remix?
His bitch gave me top, don't want the pussy, he can keep it
Money and the power, fuck respect cause I don't need it
Driving to the west, I popped a bean and now I'm speeding
Know some people in the 6 that dissed me for no reason
Sending shots, they sending shots, on road I never see them
Taking Ls, they taking Ls, I never wanna be them

Got your bitch beside me, she just asked me what a bean is
Put her number in my phone, and you know I delete it
