Systematic Abuse

One Way System

I sit and wait, I watch the clock
It's my life they're wasting, it's still my fault
You paint something scary in your views
Meeting and forms, force-fed to confuse
He makes the decisions, I live the result
The system's incecurities I have to confrontThe system abused you
The system refused you
The system confused you
And the system will lose youYou see I had it all, or so I thought
The system's grip turns to a tight hold
You say goodbye then I'll listen but make no mistake
Your 3rd rate policies that fuel my hate
Cold, glazed expressions are what I endure
Blind, mute and deaf seems the only cureThe system abused you
The system refused you
The system confused you
And the system will lose youHeld back, downtrodden was my fate
2 easy steps into a world of hate
Twenty more this week just like me
Divided by walls of apathy
One day we'll wake up and we'll learn
The corporate fuck-ups are our concernThe system abused you
The system refused you
The system confused you
And the system will lose you
