Move Right In

Rollins Band

Well she's straight and look like a lot of fun
The bar's open I'm gonna go have a drink with everyone
Walking downtown skies can't get any greater
Haven't got no money and I haven't got a prayer
After we hang a little we're gonna have a little fun
I'm gonna move right in (x3)
Gonna go shoot and kill and go knife everyone
The bar looks like haven gonna have myself a drink
I'm Gonna move right in (x3) Yeah
Hey man don't you know I fell right in to the swing
Gotta go do something to get myself higher
Gonna go uptown so I can get myself straight
Gonna go see my mama see if I got myself a date
Time is runnin' out I'm comin' right down to the wire
I'm gonna move right in (x3) Hey
