I Am the One

Rancid

Are you gonna be ready to use it
If you hesitate they'll persue it
Put the gun
to your dome no question
Now the holy ghost in question what about the banks
When they say go
Standin at the top and can't let go Standin can't take can't
take that time When I try sometime I can't stay high are you gonna be ready to use it
If you hesitate they'll persue it
Good & evil me from above
Death peace
eternal love
Bleedin' at the gates & I can't come in
Courage that abates a
life of sin
Sure that it holds and it holds no other
With the lies of the
brave the kid don't matter
