Hello Misery

Knowing is not knowledge

when one step at the time is never enough
i am struggling to keep it up
the air is streaming right through me
this situation cuts deep
thoughts are eating me from withinthis agony seems so endless
how am i supposed to move alongpassed out on the floor and i can't stop bleeding (i can't stop the bleeding)
will i ever see you again my dear (please wake me up, please wake me up)and the worst part of this is
i cant remember why im, i cant remember why im here
when time is changing gear its hard to keep up
i'm still building castles in my dreamsthe flood of lies is drownig me
the flood of lies is drownig me
the flood of lies is drownig me
the flood of lies is drownig mepassed out on the floor and i can't stop bleeding (yeah i can't stop bleeding)
will i ever see you again my dear (please wake me up, go on and wake me up)if you rip your own chest out in the open
you're the one to blame
if you keep your mind shut
be sure to end up in shame
not a single soul has answered
though i thought you were the one
now i'm done trying
i'm done tryingpassed out on the floor and i can't stop bleeding (yeah i can't stop bleeding)
will i ever see you again my dear (please wake me up, go on and wake me up)
no i, i can't stop the bleeding i can't stop the bleeding caused by lies
no i, i can't see the next step i can't see the next step that i'll take
