Take Me Away (Into The Night)

4 Strings

A shining light
Another day turns into night
Eternal fire
Waited all my life

Take me away
A million miles away from here
Take me away
Find a place for you and me

You're taking me higher
High as I could be
You take me away
Forever you and me
Take me away

The tears I cried
Kept them all inside
I needed time
To make up my mind

Take me away
Million miles away from here
Take me away
Find a place for you and me

You're taking me higher
High as I could be
You take me away
Forever you and me
Take me away

Take me away
A million miles away from here
Take me away
Find a place for you and me

You're taking me higher
High as I could be
You take me away

Forever you and me
Take me away
