Love Today

Hannah Fury

Rest assured
I remember every word
I remember all I heardAnd that summer
All the joy went away
All that I had to sayFor love of life
Don't say goodbye
For love of life
Don't say goodbyeSo, at the window
Don't heed the call
Don't think we've lost it all
Just try to love today
Try to love todayRest assured
I do think it's sad
And I do miss what we had
But I just try to love today
I try to love today
Try to love today
I try...
