One Word Song

Randy Travis

When I'm feelin' lonely
And I'm far away from home
I just sing out your name
Like a one word songIn a moment of weakness
When I need to be strong
I just sing out your name
Like a one word songAnd the thought of you
Brings a soulful melody
And passion and trust
And a healing harmonyAnd when I count my blessings
There is one that stands alone
And I sing out your name
Like a one word songAnd the thought of you
Brings a soulful melody
And passion and trust
And a healing harmonyAnd when I lose my way
I get back where I belong
When I sing out your name
Like a one word song
Yeah, I sing out your name
Like a one word song
