Like I Was Dying

Rex Goudie

I said i'd never make you cry
When you did i didnt even try
To wipe your tears away
I didnt know you hurt so bad
Cause you just always seemed so mad
You say your something i cant fix
Well just watch me try
Cause i wanna live
I wanna live
Live like i was dying
Gunna jump out of a plane
Drive a hundred miles on hour in a single lane
Just to be next to you
I may not always do things right
But i'm goddamn well gonna try
Youre just to much lose
Theres some things beyond repair
We just aint one of them
Cause i wanna live
I wanna live

Live like i was dying
Cause i wanna live
I wanna live
Live like i was dying
I'll do my best, understand
Not cause you ask because i wanna be
Everything you need in me
Darling give me one more chance
Before you close the door
Gonna love hard as i can to
Put a ring on your left hand
Cause i wanna live
I wanna live
Live like i was dying
Yeah i wanna live
I wanna live
Live like i was dying
Oh i wanna live

Were gonna live
Like we were dying
