Seek

Kevin Max

Oooh (oh child, I got your back, you and everybody else)
And you are the safety of angel wings
And you are the beginning of everything
And I know, your grace is so nationwide
And I know, you will always be by my side every single time
No need to look elsewhere
No need cause your always there
Knock and the door will be opened
Seek and you will find me
Its like hide and seek, with all the mystery
And you are bigger than Paris France, or bagger vance
And you are maker of all the trees of timeless seams
And I know your the answer
For the wisened fool
Oh now cause you blow away every myth
They taught me in sunday school, I know you're true
Knock and the door will be open
Seek and you will find me
It's like hide and seek, with all the mystery
Knock and the door will be open
