

You Won't Find This

Carrie Underwood

Did you check the tires?
Put gas in the car?
I dont think youll need too much
Cause you aint gonna get that farDid you pack the good times?
Dont forget a map
Just in case the route you take
Isnt there to take you backYou can hold any girl that you like
Fall in love when its easy at night
But you wake up wondering why
She aint ever something betterWhen youre lost and youve run out of road
Find what I already know
In the end close is all there is
But you wont find this
No, you wont find thisTheres once in a lifetime
And theres once in a while
And the difference between the two
Is about a million milesOh, you might get lucky
While the moon is looking on
But in the truth of the morning
The stars will be long goneYou can hold any girl that you like
Fall in love when its easy at night
But you wake up wondering why
She aint ever something betterWhen youre lost and youve run out of road
Find what I already know
In the end close is all there is
But you wont find thisYou can hold any girl that you like
Fall in love when its easy at night
But you wake up wondering why
She aint ever something betterWhen youre lost and youve run out of road
Find what I already know
In the end close is all there is
Oh, in the end its me youre gonna miss
Cause you wont find this
Oh, you wont find this
