[VERSE 1]I feel like Leonidas
Battling the Titans
Thousand soldiers against one sword
You're a masterpiece of violence
But still I chose to dive in
Head first in the pit of your hole
I'm freefalling down
Into your void
Shared my dark secrets
You sold them for gold
Crossed and forsaken
Hearts wither gold
Pledged my allegiance
[CHORUS]We could?ve parted seas just
To walk on the floor of oceans
And love could?ve built up armies
Of nations unstoppable
[VERSE 2]You were like something righteous
Chariot almighty
A fortress filled with light
You were my eyes

And I could?ve shattered mountains
Standing on your shoulders
Alas you delivered a fatal blow
It's a tale
Of fated lovers
Against all odds
Facing the gods
Even though we were outnumbered
A million to one
We shouldn't have lost
[CHORUS]We could?ve parted seas just
To walk on the floor of oceans
And love could?ve built up armies
Of nations unstoppable
We could?ve parted seas just
To walk on the floor of oceans
And love could?ve built up armies

Of nations unstoppable
Angel of Mercy,
Please come for me
Wish I never bit
From the fruit of his tree
Oh
